Objective

Eager Computer Science student specializing in Cyber Security, skilled in HTML, CSS, React, Node.js, and MongoDB, seeking an internship to apply and enhance full-stack development expertise while contributing innovative solutions to web-based projects.

Professional Experience

Intern at Suvidha Foundation

Remote

Web Development Intern, Suvidha Foundation | November 2023 - December 2023

- Developed an innovative appointment scheduling system, reducing processing time by 30% and improving efficiency in service delivery.
- Designed a responsive web interface for a donation platform, resulting in a 20% increase in online donations and broader accessibility across devices.
- Collaborated cross-functionally with designers, developers, and project managers to successfully launch a community outreach portal, reaching 500+ individuals within the first month.
- Demonstrated strong problem-solving skills by troubleshooting and resolving technical challenges, minimizing system downtime by 25%.

Projects

Blog Application

COLLECTION OF BLOGS FOR DEVELOPERS

[Link](#)

- Developed a single page application using Appwrite and Markdown development blogs
- Used static site generation resulting in faster load time and increasing efficiency

Tech Stack : Appwrite , React , JavaScript

Scrims crown

E-SPROTS EVENTS AND TOURNAMENT PLATFORM FOR VARIOUS GAMES

[Link](#)

- Developed a entire User authentication system and maintained production grade code
- Implemented the complex player management system for gamers to monetise their skills

Tech Stack : Node , Mongo dB ,express,React ,

X-AI

AI IMPLEMENTED PLATFORM

[Link](#)

- The Chat GPT implementation with Google Gemini API successfully demonstrated proficiency in leveraging advanced AI technologies to create interactive and engaging user experiences.

Tech Stack : Google Gemini API, Next.js ,React.js JavaScript/Node.js , HTML/CSS

Education

Shree Vaishnav Institute of Technology

Indore , India

Bachelors of Technology in Computer Science in Specialization with Cyber Security

August 2022 -May2026

Technical Skills

Front-end Development: HTML,Tailwind CSS ,React,Redux,Next.js,TypeScript,javascript,CSS

Back-end Development: Node.js,Express.js,web socket,web RTC , redis,kafka

Version Control & Tools: Git/GitHub,Docker,Linux

Additional Programming Languages: C/C++,Python,Java

Database : SQL , mongoDB
